JOURNAL

November 9th AM

- Time to make shit flat
- Her bunny is adorable
- Where do I put these things?
- Wait I don't do intersecting faces thing again?
- Ok that was kinda easy
- Time to wait for class to cut
- Im kinda excited, if it works I'm going to hang it in my room

November 9th PM

- This cardboard is driving me crazy I'm about to buy wood
- Fuck this it ain't going to work

November 11th PM

- Wood acquired, this better work

November 13th AM

- SO I didn't really write while I was cutting but it worked, I had to do a couple of tests so make sure the wood would cut but honestly it cut pretty well which was such a relief after my last project which did not go well...
- I'm missing a piece?
- How the fuck did I lose that in the process
- Weird
- Its the same as a different one so I'll just recut that one
- Ok now it's all together
- I'm going to paint it later
- Everyone is so nice

November 13th PM

- Time to finish this thing
- The BTU picture thing is the best
- Hopefully that's good enough
